

QGIS Application - Feature request #15994

Add Close option to the Project menu

2016-12-20 08:24 AM - Pedro Lino

Status:	Open	Resolution: Copied to github as #: 23910
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
It doesn't make any sense that QGIS has a nice Start Center with thumbnails if you can only use it once per session.		
The Close option should close the currently open project and return to the Start Center.
