

QGIS Application - Feature request #16185

Have legend item text match label text style

2017-02-13 10:24 AM - Chris Paul

Status:	Open	Resolution: Copied to github as #: 24095
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
It would be a nice feature to have the legend item text for a layer match the label text style. For example, if a layers feature is labelled with bold calibri font with an orange buffer, have that same calibri font and orange buffer in the legend text for that layer.
