

QGIS Application - Feature request #16218

SVG Fill symbol needs a spacing parameter

2017-02-22 06:49 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 24128
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
Symbolize a polygon layer with the SVG Fill symbol layer type		
It'd be nice to be able to parameterize a spacing between the svg thumbnails.		
Note that the "Point pattern fill" (which can embed SVG markers) offers such an option, hence more flexibility than the ad'hoc tool
