

QGIS Application - Feature request #16237

Filter Layers by spatial relationships to other layers within a qgis session

2017-02-27 01:34 AM - Ger CO

Status:	Open	Resolution: Copied to github as #: 24147
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	Not supplied	
Easy fix?:	No	
Description		
<p>It would be great to have the functionality to filter layers based on their spatial relationships to other layers within a qgis session (for instance intersect, touch,...).</p> <p>This would be handy for many scenarios, such as fully featured masks, improved workspaces</p>
