QGIS Application - Bug report #16504 Missing CRS in Mac version

2017-05-03 08:04 AM - Adriano Borgobello

Status:	Closed			
Priority:	Low			
Assignee:				
Category:	Projection Support			
Affected QGIS version:2.18.2		Regression?:	No	
Operating System:	Mac OS X 10.11.6	Easy fix?:	Yes	
Pull Request or Patch supplied:		Resolution:	not reproducable	
Crashes QGIS or corru pits data:		Copied to github as #: 24410		
Description				

I've noticed that on both my Mac's, some CRS are missing. In particular, I can't find EPSG 6708, that's used from few years in my region. I know I can make a custom CRS, and I did, but it will be nice that CRS will be updated for Mac version as they are on windows, so I can use the right EPSG cose.

History

- Priority changed from Normal to Low
- Assignee deleted (Victor Olaya)
- Status changed from Open to Feedback
- Category changed from Processing/Core to Projection Support

Is that an EPSG code? does not show (as a EPSG entry) in http://spatialreference.org/ref/?search=6708&srtext=Search

#2 - 2017-05-26 05:03 PM - Giovanni Manghi

- Resolution set to not reproducable
- Status changed from Feedback to Closed

Closing for lack of feedback.
