Description			
<p>Hey,</p> <p>I use the Map Composer in QGIS (German Language Version). Since I updated QGIS from QGIS 2.18.6 (or 2.18.5, I'm not sure) to QGIS 2.18.7, the Print Composer ignore raster layers when I use the option "Lock layers for map item" after closing and reopening the QGIS-File. For vector layers everything is fine.</p> <p>Best regards</p> <p>Steve</p>
