Pull Request or Patch supplied:	No	Resolution:
Easy fix?:	No	Copied to github as #: 24561
Description		
It would be nice to have an order_by parameter in concatenate function. Something like that : <pre>concatenate("town_name",group_by:="state",concatenator:=",", order_by:="population") concatenate("town_name",group_by:="state",concatenator:=",", order_by:="\$area")</pre> Regards,
