QGIS Application - Bug report #16887
creating a memory scratch layer with Z/M values does not add Z/M to the layer

2017-07-19 08:22 AM - Regis Haubourg

Status:	Closed			
Priority:	High			
Assignee:				
Category:	Digitising			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**		
Crashes QGIS or corrupts data:	Yes	**Copied to github as #:**	24786	

Description

In master,
use create new layer/New temporary scratch layer

then choose a point type and check Z/M option.

Add a point, and open the node editor panel using the node tool / right clic

No Z/M column are displayed, and I often get a crash at this step
