<p>On http://qgis.org/en/site/getinvolved/development/bugreporting.html under "Plugin bugs", you can read:</p> <p>Plugin bugs must be opened in their respective bug tracking system. Check first if the plugin is listed in the plugin overview (Link to http://hub.qgis.org/projects/qgis-user-plugins/). If so, click on the plugin name then click "New issue".</p> <p>The link is broken, and should be updated, or the chapter removed.</p> <p>Bug reporting via the official plugin repository (as mentioned in the next chapter) works as expected.</p>
