QGIS Application - Bug report #1692 Problems parsing some ArcGIS shapefiles

2009-05-13 07:44 AM - matter -

Status:	Closed			
Priority:	Low			
Assignee:	nobody -			
Category:				
Affected QGIS version:		Regression?:	No	
Operating System: All		Easy fix?:	No	
Pull Request or Patch supplied:		Resolution:	duplicate	
Crashes QGIS or corrupts data:		Copied to github as #: 11752		
Description		•		

Compatibility or parsing problems have been noted with shapefiles made or exported from Arc 9.x, resulting in a "xxxxxx.shp is not a valid or recognized data source" error in qGis 1.0.x. The shapefiles work in Arc, so this may be easily solved by allowing for some error tolerance in the OGR library? Example shapefiles are attached.
