QGIS Application - Bug report #17086
Composer items excluded from export get exported to PDF

2017-08-29 01:28 PM - Nikolay Lebedev

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Map Composer/Printing			
Affected QGIS version:	2.18.12	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	24985	

Description

When setting Exclude item from exports checkbox on composer items, some of them get exported to PDF anyway.
Attached is a QGIS project with sample composer and it's PDF output.
This can also be easily reproduced by creating a new composer, adding items, excluding them from export and then hitting Export to PDF.
