

QGIS Application - Feature request #17199

map composer: distribute selected items

2017-09-26 11:07 AM - Stefan Rey

Status: Closed	
Priority: High	
Assignee:	
Category: Map Composer/Printing	
Pull Request or Patch supplied:	Resolution: fixed/implemented
Easy fix?: No	Copied to github as #: 25098
Description	
<p>In addition to the 'align selected items' functionality in print composer, it would be very helpfull to have a 'distribute selected items' functionality. This functionality is known from different graphic design programs, and contains usually: Distribute on top, distribute vertically centered, distribute at bottom, distribute left, distribute horizontally centered, distribute right.</p> <p>In the image, you can see the corresponding icons from another software.</p>	

History

#1 - 2017-12-18 11:39 PM - Nyal Dawson

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Implemented in layouts engine
