## QGIS Application - Feature request #17199

## map composer: distribute selected items

2017-09-26 11:07 AM - Stefan Rey

Status:	Closed			
Priority:	High			
Assignee:				
Category:	Map Composer/Printing			
Pull Request or Patch supplied:		<b>Resolution:</b>	fixed/implemented	
Easy fix?:	No	Copied to github as #: 25098		
Description				

In addition to the 'align selected items' fonctionality in print composer, it would be very helpfull to have a 'distribute selected items' fonctionality. This fonctionality is known from different graphic design programs, and contains usually: Distribute on top, distribute vertically centered, distribute at bottom, distribute left, distribute horizontally centered, distribute right.

In the image, you can see the corresponding icons from another software.

## History

## #1 - 2017-12-18 11:39 PM - Nyall Dawson

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Implemented in layouts engine
