QGIS Application - Bug report #17346
Composer doesn't render rasters

2017-10-28 08:35 AM - Patrick Dunford

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Map Composer/Printing			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:	Debian 9.1	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	not reproducable	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	25243	

Description

In #17129 I referred to an issue where rasters did not render in the composer preview unless the "Follow map theme" setting is toggled.

I have now discovered that with some projects, unless this setting is checked (with the dropdown list displaying "(none)", the rasters will not be rendered when exporting to a PNG or PDF. All the other layers appear to render as expected.

Can you make the point of the situation with the latest available build of QGIS 3? issue still confirmed?

#4 - 2018-08-15 11:50 PM - Giovanni Manghi

- Resolution set to not reproducable

- Status changed from Feedback to Closed

Closing for lack of feedback.
