

QGIS Application - Bug report #17534

QGIS Master crashes after open a project

2017-11-23 10:22 AM - Antonio Viscomi

Status:	Closed	
Priority:	High	
Assignee:		
Category:	Project Loading/Saving	
Affected QGIS version:	master	Regression?: Yes
Operating System:	Windows 7 x64	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	Yes	Copied to github as #: 25431
Description		
<p>Hi,</p> <p>I open a project containing only 4 (polyline) layers of total size of about 5gb, well:</p> <ul style="list-style-type: none">- I wait a bit for total loading/refresh of all layers;- when loading/refresh terminates qgis-dev-bin-g7.2.2.exe it reaches a usage of about 10-13gb of available 16gb ram on my pc;- when loading/refresh terminates I close QGIS and It come out with a crash report (attached); <p>in QGIS 2.18 the same project is loading faster and ram usage is about 1-3gb without troubles or crash</p> <p>best regards</p>		

History

#1 - 2017-11-24 08:34 AM - Antonio Viscomi

- File crash_pdb.txt added

I've installed qgis-dev-pdb then I replied the sequence described above and now I attach the new crash report

#2 - 2017-11-24 08:37 AM - Antonio Viscomi

- File crash_pdb1.txt added

and this is the second crash report (2nd dialog of crash reports appear for the same crash)

#3 - 2017-11-24 08:44 AM - Antonio Viscomi

- File crash_pdb6.txt added
- File crash_pdb3.txt added
- File crash_pdb4.txt added
- File crash_pdb2.txt added
- File crash_pdb5.txt added

actually there are are 7 crash reports (for the same single crash...) :(

#4 - 2017-11-24 01:51 PM - Giovanni Manghi

- Category changed from Processing/Core to Project Loading/Saving
- Assignee deleted (Victor Olaya)
- Status changed from Open to Feedback

Any chance you can add a link to allow us download your project and data?

#5 - 2017-11-24 03:13 PM - Antonio Viscomi

Hi,
I created the following link
<https://www.dropbox.com/s/ysuwguvp4xjltk8/Nuova%20cartella%20%282%29.7z?dl=0>
all data .7z are about 1.05gb

greetings

#6 - 2017-11-24 04:41 PM - Giovanni Manghi

- Status changed from Feedback to Open

#7 - 2018-02-13 11:39 AM - Mathieu Pellerin - nIRV

I've downloaded this project and using a 24-hour old QGIS master build (linux), it opens without crashing.

Antonio, do you still see a crash on windows using a recent build?

#8 - 2018-02-13 02:10 PM - Antonio Viscomi

Hi Mathieu,
No in recent build this issues it seems solved, i don't see this crashes...

#9 - 2018-02-13 08:05 PM - Nyal Dawson

- Resolution set to fixed/implemented
- Status changed from Open to Closed
