

QGIS Application - Bug report #17554

[layer properties] the Edit button should not open a "Add Vector Join" dialog

2017-11-26 04:37 PM - Harrissou Santanna

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Unknown	
Affected QGIS version:	3.5(master)	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	Yes	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 25451
Description		
<p>In Vector layer properties > Join tab, clicking the Edit button should not open a "Add Vector Join" dialog. It's confusing.</p> <p>Also note that in the opened dialog, one of the filled information is not retrieved (in my case, the Join field). I think all the information filled should be retrieved and up to the user to replace the one(s) no longer good.</p>

- Status changed from Open to Feedback

Please test with QGIS 3.4 - QGIS 2.18 reached it's end of life.

#2 - 2019-01-21 06:01 PM - Harrissou Santanna

- Pull Request or Patch supplied changed from No to Yes

- Affected QGIS version changed from 2.18.14 to 3.5(master)

- Status changed from Feedback to Open

I can't see the field issue reported above so this is a dialog renaming issue that I try to address in <https://github.com/qgis/QGIS/pull/8926>
