

QGIS Application - Bug report #1760

Edit mode icon does not appear in legend after loading a project

2009-07-05 02:48 PM - Giovanni Manghi

Status:	Closed	
Priority:	Low	
Assignee:	Magnus Homann	
Category:	Map Legend	
Affected QGIS version:		Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 11820
Description		
<p>*) add a vector to your project</p> <p>*) rename it using "properties -> display name" or "F2" or "right click -> rename"</p> <p>*) if you toggle edit mode the icon in the legend changes</p> <p>*) save the project, exit, re-open qgis and the save project</p> <p>*) toggle edit mode for the above layer</p> <p>*) the icon in the legend doesn't change any more, not even if you rename it to the original name. Seems also to propagate the problem to other eventual layers added to the project.</p> <p>tested qgis 1.2 rev. 11023 with Ubuntu 9.04</p>

History

#1 - 2009-08-07 12:59 AM - Giovanni Manghi

As noted in #1862 it is not necessary to rename the layers. The behavior show also after simply loading a project file.

#2 - 2009-08-17 02:52 AM - Magnus Homann

- Resolution set to fixed

- *Status changed from Open to Closed*

Fixed in commit:e5d72719 (SVN r11406).
