QGIS Application - Feature request #17742
QGIS 2.99 does not support KNN virtual tables index

2017-12-23 06:40 PM - salvatore fiandaca

Status:	Open		
Priority:	High		
Assignee:			
Category:	DB Manager		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	25638

Description
QGIS 2.99 does not support KNN virtual tables index for nearest neighbor problems - spatialite is required 4.4 :-(

History

could you please raise this matter in the developer mailing list? it seems to me that having a more recent SL support with this modules (and support for makevalid for example) it would be very good.
