

QGIS Application - Feature request #1814

ftools: number of vertices for circular buffers too low (point buffer)

2009-07-28 06:47 AM - Markus Neteler

Status:	Closed	Resolution: fixed Copied to github as #: 11874
Priority:	Low	
Assignee:	cfarmer -	
Category:	Python plugins	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>The number of vertices for circular buffers is too low (when creating a buffer around a point). Apparently 24 vertices are used. Ideally, the user could customize this setting (or use a scale/buffer radius dependent formula?).</p> <p>Markus</p>		

History

#1 - 2010-06-12 11:10 AM - Alexander Bruy

Here is patch that adds a spinbox for setting number of segments to approximate curves

#2 - 2010-06-13 09:42 PM - Paolo Cavallini

- Resolution set to fixed
- Status changed from Open to Closed

Apparently closed with commit:76d2a8fd (SVN r13730)
