

QGIS Application - Bug report #18145

Do not enable OK buttons if dialogs are missing required fields

2018-02-19 01:35 PM - Johannes Kroeger

<b>Status:</b>	Open	
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>	GUI	
<b>Affected QGIS version:</b>	3.6.0	<b>Regression?:</b> No
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b>
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 26038
<b>Description</b>		
<p>I named this bug generally although I only have two specific examples.</p> <p>#18144 mentions a dialog presenting OK and Cancel, both allowing to quit doing nothing.</p> <p>The XYZ Connection dialog also let's the user proceed without entering a name. Without a name no connection will get saved so the entered detail is lost if the user clicks OK.</p> <p>This is also possible with the MSSQL, PostGIS, DB2 dialogs.</p> <p>It is not working (i.e. set up great) for example in the ArcGISFeature- and -MapServer as well as WCS, WMS, WFS.</p> <p>Please only enable OK buttons if things are OK. Otherwise do not let the user click OK.</p> <p>Not sure if this style of issue is good, close at will (or if the examples are fixed). ;)</p>		

History

#1 - 2019-03-09 04:34 PM - Giovanni Manghi

- Status changed from Open to Feedback

Please check if this issue is still valid on QGIS 3.4.5 or 3.6.

#2 - 2019-03-16 10:17 PM - Johannes Kroeger

- Status changed from Feedback to Open

Replicated with PostGIS dialog in 3.6.0-Noosa. Did not try other dialogs.

#3 - 2019-03-16 10:18 PM - Giovanni Manghi

- Affected QGIS version changed from master to 3.6.0
