

QGIS Application - Bug report #18225

Python console text size bug

2018-02-26 12:33 PM - Stephen Knox

Status:	Open	
Priority:	Low	
Assignee:		
Category:	GUI	
Affected QGIS version:	3.0.0	Regression?: No
Operating System:	Windows and Ubuntu	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 26116
Description		
<p>When you select the cursor in the Python console and press Ctrl -> - , the text size shrinks. However, when you remain in the console and click Ctrl -> +, the text size does not get bigger, but it does zoom the map. I think the only way to reset the size is to restart QGIS.</p> <p>Bit of a minor issue as it can be worked around, but annoying nonetheless</p>
