

QGIS Application - Feature request #18506

Bookmarking rotation (along with scale and extent)

2018-03-21 05:25 PM - Sapana sj.gandhi07@gmail.com

Status:	Open	Resolution: Copied to github as #: 26394
Priority:	Normal	
Assignee:		
Category:	Map Tools	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>I originally posted about this on Stack Exchange, and think it would be a good feature.</p> <p>https://gis.stackexchange.com/questions/276515/bookmarking-the-rotation-scale-and-extent-in-qgis</p> <p>Currently the bookmark tool only saves the scale and extent of the current map view, and not the rotation. It would be helpful to save the rotation of the map as well, so the bookmarked view can be rendered more exactly.</p>
