QGIS Application - Feature request #18645
Layout arrow item: allow arrow direction to be set

2018-04-05 11:27 PM - Harrissou Santanna

Easy fix?:	No	**Copied to github as #:**	26533

Description

In print layout, add an arrow item

Enable start and end arrow markers

Both arrows point the same direction. Weird rendering.

If arrows are supposed to connect items with each other, it could be nice/better to have them pointing different directions.

History

#1 - 2018-04-06 03:23 AM - Nyall Dawson

I think this should be a feature request, allowing the arrow direction to be set. It's not possible to change the existing behaviour without breaking projects.

#2 - 2018-04-07 11:25 AM - Harrissou Santanna

- Subject changed from Layout arrow item: Start arrow item is reverse oriented to Layout arrow item: allow arrow direction to be set

- Tracker changed from Bug report to Feature request

> *I think this should be a feature request, allowing the arrow direction to be set. It's not possible to change the existing behaviour without breaking projects.*
