QGIS Application - Bug report #18661
DWG files flag as invalid data source in QGIS 3.0.1

2018-04-07 10:12 AM - Peter Archdale

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Data Source Manager			
Affected QGIS version:	3.0.0	**Regression?:**	No	
Operating System:	Window 10	**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	up/downstream	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	26549	

Description

I am trying to import a DWG file from Autodesk. With a new project holding no data, either importing via Project, Import or when I drag the file onto the program gives an error message; "Invalid Data Source: cex-02 CAD 2000.dwg is not a valid or recognized data source."
The file opens successfully with the Autodesk Viewer.

History

#1 - 2019-01-26 09:56 PM - Jürgen Fischer

- Resolution set to up/downstream

- Status changed from Open to Closed

This is a issue of GDAL's AutoCAD DWG driver

You could try QGIS' DWG import. Please attach the DWG in case there are also problems with that.
