what version of qgis are you using?

#2 - 2009-08-12 03:35 AM - frippe12573 -

Replying to [comment:1 lutra]:

| what version of qgis are you using?

1.2.0, i've compiled yesterday.

#3 - 2009-08-12 04:11 AM - Giovanni Manghi

Hi,

I cannot replicate it on both Ubuntu 9.04 and Windows.

Does this happens always, regardless of the data you have in your legend?

#4 - 2009-08-25 05:00 PM - Giovanni Manghi

- Resolution set to worksforme
- Status changed from Open to Closed

I cannot replicate the crash on windows either (with the latest dev version available from the osgeo4w installer). Please reopen if necessary.
