QGIS Application - Bug report #18899

Sorting an attribute table with Actions enabled hides the values in the first column with the Action combo box

2018-05-03 04:22 AM - Alex Mackenzie

Status:	Closed			
Priority:	Normal			
Assignee:	Julien Cabieces			
Category:	Attribute table			
Affected QGIS version:	3.0.2	**Regression?:**	No	
Operating System:	Windows 10	**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	26731	

Description

If I enable an Action to 'Show in Attribute Table', Open the Attribute Table and then sort by any column in the table.

The values in the first column are hidden by the Action combo box.

This occurs in versions 3.0.2 and 2.18.14 when I sort by left-clicking a column name or use the right-click Sort... option.

Bug may be related to Bug Report #16014
