There's a "model properties" dock which contains these settings - maybe you've accidentally moved this off-screen or to another screen?

Try clicking the "Reset user interface to default settings" option under Options -> System

Unfortunately did not help.

#6 - 2018-09-25 03:55 AM - Nyal Dawson

Is this still an issue? If so, please try with a new user profile and see if that fixes the issue.
