Description

When I add(edit) feature to layer with date field in oracle DB, I get this error:

Could not commit changes to layer WGK_SPRZATANIE

Errors: ERROR: 1 feature(s) not added.

Provider errors:

Oracle error while adding features: Oracle error: Could not insert feature -2

SQL: ORA-01861: literal does not match format string

Unable to execute statement

Error: INSERT INTO

I had this issue too. Apparently it's a problem with the date format columns.

I have the same problem. I confirm this is the date insertion that creates this error.
