

QGIS Application - Feature request #19284

Autocomplete algorithms in Processing Modeller

2018-06-27 04:16 PM - Tom Chadwin

Status:	Open	Resolution: Copied to github as #: 27112
Priority:	Normal	
Assignee:		
Category:	Processing/Modeller	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>This is a UX suggestion from an FME user:</p> <p>"I use the modeler quite a lot and I must admit I find myself typing in the model canvas expecting to see a list of processing tools come up like they do in FME sometimes. GUI improvements and customisation for the modeler would be lovely."</p>
