Hi,

Not sure i fully understand but is this related to or duplicate of #19370?

#2 - 2018-08-05 12:19 AM - Jérôme Seigneuret

Yes this is related. My notice is similar. Some fonts don't have directly italic or/and bold style usable in QGIS label but HTML ball we work fine. Button bold and italic are disabled and I don't understand why...
