QGIS Application - Bug report #19726
Oracle - Export > Save Features as

2018-08-28 03:32 PM - Zoran Petrovic

Status:	Closed			
Priority:	High			
Assignee:	Jürgen Fischer			
Category:	Data Provider/Oracle			
Affected QGIS version:	3.2.2	**Regression?:**	Yes	
Operating System:	Windows 10	**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	not reproducable	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	27551	

Description

When connected to Oracle 11g database, Export > Save Feature as is not working.

QGIS saves empty file, no matter what format is chosen (tried with geopackage, shapefile, geojson and spatialite).

I tried even selecting few features and saving only selection, but still doesn't work.

Note that this option works without problem in QGIS 2.18 using the same data.

History

#1 - 2018-08-28 06:27 PM - Giovanni Manghi

- Regression? changed from No to Yes

- Priority changed from Normal to High

#2 - 2018-12-28 11:38 AM - Paolo Cavallini

Could you confirm on current release? Do you have a sample DB we can test?

#3 - 2018-12-28 03:03 PM - Giovanni Manghi

- Status changed from Open to Feedback
