QGIS Application - Bug report #19776
Copy and Move Feature Error on Geopackage

2018-09-05 07:06 PM - Michael Knopp

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Editing		
Affected QGIS version:	3.2.2	**Regression?:**	No
Operating System:	Windows 7 Enterprise Service Pack 1	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	duplicate
Crashes QGIS or corrupts data:		**Copied to github as #:**	27601

Description

When I use the Copy and Move Feature tool on a geopackage it does not create new fid numbers for the copied features. The fid numbers are copied and pasted as the same.

This throws up errors when trying to save.

Commit Errors: (clipped for brevity)

    Could not commit changes to layer Commerce Blocks WIP

    Errors: ERROR: 13 feature(s) not added.

     Provider errors:
      OGR error creating feature -68: failed to execute insert : UNIQUE constraint failed: Commerce Blocks WIP.fid

If I manually go into the table and change the fid numbers to unused numbers it will save just fine.

This does not happen with a copy / paste procedure then a move.
