Does it works as expected on 2.18?

#2 - 2018-09-13 07:38 AM - matteo ghetta

seems not

In QGIS 3.4.1, french translation file contains an incorrect translation string in context DlgSqlWindow.

English string :{0} rows, {1:.3f} seconds

French string :{0} enregistrements, {1:.1f} secondes {0}? {1:.3f?}

QGIS 2.18 looks ok :

English string :

%d rows, %.1f seconds

French string :

%d lignes, %.1f secondes

So this is a translation problem and does NOT happen if QGIS is used in English?

#6 - 2018-11-16 08:53 PM - Christophe Damour

I didn't test in english but I believe so.
