

## QGIS Application - Bug report #19877

### Export style categories. Can't save to a databases (postgres)

2018-09-18 11:08 AM - Loïc BARTOLETTI

<b>Status:</b>	Closed	
<b>Priority:</b>	High	
<b>Assignee:</b>	Denis Rouzaud	
<b>Category:</b>	Symbology	
<b>Affected QGIS version:</b>	3.3(master)	<b>Regression?:</b> Yes
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b> worksforme
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 27701
<b>Description</b>		
You can save a style in a database using "save as default", but no using save style.		
Works well for geopackage		

#### History

##### #1 - 2018-09-18 01:46 PM - Denis Rouzaud

- Status changed from Open to Feedback

I cannot reproduce: I can save a style on a PG layer using DB with or without default option ticked. In both case, the style is listed when I do load style.  
Can you confirm or give reproduction steps?

##### #2 - 2018-09-18 07:56 PM - Giovanni Manghi

- Priority changed from Normal to High

- Category changed from GUI to Symbology

it works also here.

##### #3 - 2018-09-19 02:10 PM - Loïc BARTOLETTI

MMM... for me, it works again. Sorry for the noise but I'll try to go deeper.

There is also another issue opened <https://issues.qgis.org/issues/14442> We can close this issue

##### #4 - 2018-09-19 02:31 PM - Harrissou Santanna

- Status changed from Feedback to Closed

- Resolution set to worksforme

##### #5 - 2018-09-19 02:44 PM - Denis Rouzaud

no worries for the "noise", there was a few issues after the model integration.
