Category:	Expressions		
Affected QGIS version:	3.2.3	**Regression?:**	No
Operating System:		**Easy fix?:**	Yes
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	27720

Description

Hi

I downloaded QGIS 3.2.3 and I tried to change the composer(Atlas) > map layer > controlled by atlas > margin around a feature > expressions, but it did not work(no apply).

Expressions didn't work, so I tried other variables or attribute fields, even constant(like '100') but it didn't work.

It worked when I used number to input box(%).

I thought it was a bug, so I tried with other old QGIS version, but it was same.

Can you fix this bug to next version, please?

Thank you.

Thanks a lot for your update.

It works properly at the new version. :-)

Have a nice day!
