Easy fix?:	No	**Copied to github as #:**	27764

Description

I need to insert tables made in libreoffice calc, direct in the print layout, was using the html option but n solves very well.

integration between the two programs?

You can add in a project tables from csv, odt, xls...

#2 - 2018-09-25 08:34 PM - luis marcelo dambrowski dambrowski

- File Sem título.png added

Yes; but this does not have print layout, right?

You talk about adding data, to manipulate.

I ask about the final layout.
