- Status changed from Open to Feedback

Please add detailed steps (possibly with also a sample project and data) to allow us replicate the issue. Thanks.

### #2 - 2018-10-03 03:53 PM - Byron Quesada

The crash message appears when i try to create a new directory of maps in QGIS Desktop 3.2.3 with GRASS 7.4.1, after i place the name and click on the next step, the system show me the crash report added in this report

this does not help me understand, sorry. Can you do a screencast of the whole process?

### #4 - 2018-11-08 01:31 PM - Giovanni Manghi

Please try on QGIS 3.4.1, if the issue is still valid change the affected version, thanks.

### #5 - 2018-11-08 02:38 PM - Byron Quesada

I tried with another version (2.18) and it's work normaly, without problems, so i see the issue is just with the version 3.2.1.

Better i stay with that version for now (2.18), thanks for your help!.
