### Description

Hello ,

I am not able to change the map unit project into meters .

Indeed I don't find this option whereas my colleague is able to visualize it .

I tried with both version (2.18 and 3.4.2 ) .. however this option is not displayed

### History

*- Resolution set to invalid*

*- Status changed from Open to Closed*

You need to use a local projected co-ordinate system for your project in order to see that option.
