

QGIS Application - Feature request #20762

Ability to edit features "In Place" using refactor fields tool

2018-12-10 12:00 PM - Andy Whyte

Status:	Open	
Priority:	Normal

Category:	Processing/Core	
Pull Request or Patch supplied:	No	
Easy fix?:	No	Resolution: Copied to github as #: 28582
Description I love the edit in place feature added to QGIS 3.4 and would love to see the refactor fields tool as an option when using this. Creating a new layer every time I would like to manipulate the data in this way can get frustrating.
