QGIS Application - Bug report #20770
Grid annotations on right side are incorrectly placed and oriented

2018-12-11 10:02 AM - Michel Speiser

Status:	Closed			
Priority:	High			
Assignee:				
Category:	Decorations			
Affected QGIS version:	3.4.2		**Regression?:**	Yes
Operating System:	El Capitan		**Easy fix?:**	No
Pull Request or Patch supplied:			**Resolution:**	no timely feedback
Crashes QGIS or corrupts data:	No		**Copied to github as #:**	28590

Description

When enabling a coordinate grid in View > Decorations > Grid,

and enabling "Draw Annotation",

the coordinate labels on the right side: * have an incorrect distance to map frame. Also, when increasing this distance, the annotations move up instead of left. * behave incorrectly when choosing "Annotation direction: Horizontal and Vertical" and "Annotation direction: Boundary direction"

In short, it seems like the right hand side labels are configured like top or bottom, rather than like left.

Probably a simple fix.

- Easy fix? changed from Yes to No

Do they work as expected on 2.18?

Please test with 3.4 nightlies - this has likely already been fixed.

#5 - 2019-03-09 10:02 AM - Giovanni Manghi

- Resolution set to no timely feedback

- Status changed from Feedback to Closed

Closing for lack of feedback.
