| Affected QGIS version: | 3.4.5 | Regression?: No |
| Operating System: | Windows 7 | Easy fix?: No |
| Pull Request or Patch supplied: | No | Resolution: |
| Crashes QGIS or corrupts data: | No | Copied to github as #: 29335 |
| Description | | |
| <p>Steps to repeat the bug:</p> <ol style="list-style-type: none">1. Open a new project2. Add an ArcGIS Map Server layer to map3. Add a new print layout4. Add Item -> Add Map to the layout in the layout window5. Resize the layout window by dragging the window border, QGIS will then hang <p>After a long time, system recovered, and an error message prompted in QGIS window, saying network timeout, looks like:</p> <p>WARNING Network request http://localhost:6080/arcgis/rest/services/QGIS/Basemap_Cached/MapServer?f=json timed out</p> <p>WARNING Network request http://localhost:6080/arcgis/rest/services/QGIS/Basemap_Cached/MapServer/0?f=json timed out</p> <p>By using Fiddler capture network traffic, it was found when QGIS accessing the reported URL address, it received HTTP/1.1 304 Not Modified, while the URL address can be correctly opened by browser.</p> | | |

History

#1 - 2019-03-08 09:36 AM - Giovanni Manghi

- Affected QGIS version changed from 3.4.2 to 3.4.5

Replicated on 3.4.5 with a random service https://services.arcgisonline.com/ArcGIS/rest/services/World_Topo_Map/MapServer

but does not seems to happen in 3.6
