

QGIS Application - Bug report #21676

QgsProcessingAlgorithm / add Layer to project

2019-03-26 11:58 AM - Valérien LEBERT

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Processing/Core	
Affected QGIS version:	3.4.5	Regression?: No
Operating System:	Windows 10 64bit	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: no timely feedback
Crashes QGIS or corrupts data:	No	Copied to github as #: 29492
Description		
Hi, I am trying to add a layer to project in a QgsProcessingAlgorithm. I tried the following code : <pre>vlayer1 = QgsVectorLayer('Point?crs=epsg:4326&field=id:integer&field=name:string(20)&index=yes', 'vlayer1', "memory") vlayer2 = QgsVectorLayer('Point?crs=epsg:4326&field=id:integer&field=name:string(20)&index=yes', 'vlayer2', "memory") vlayer3 = QgsVectorLayer('Point?crs=epsg:4326&field=id:integer&field=name:string(20)&index=yes', 'vlayer3', "memory") vlayer4 = QgsVectorLayer('Point?crs=epsg:4326&field=id:integer&field=name:string(20)&index=yes', 'vlayer4', "memory") context.addLayerToLoadOnCompletion(vlayer1.id(),context.LayerDetails('toto', QgsProject.instance(), self.OUTPUT)) context.addLayerToLoadOnCompletion(vlayer2.id(),context.LayerDetails('toto', context.project(), self.OUTPUT)) QgsProject.instance().addMapLayer(vlayer3, True) context.project().addMapLayer(vlayer4, True)</pre> None of the layer is loaded. OUTPUT variable is a string : OUTPUT = 'OUTPUT' I get a warning on processing feedback with no details in message log : Chargement des couches de résultat Les couches suivantes n'ont pas été générées correctement. layer1_98306459_f1bc_4285_b8dc_660502e5cb47 layer2_040a7ea0_7a5f_4e02_bfd1_4ce311c60219 Vous pouvez vérifier le Panel de messages du journal dans la fenêtre principale de QGIS pour trouver plus d'informations à propos de l'exécution de l'algorithme. Am i doing wrong or is there something broken in processing API? Thanks Valérien

- Status changed from Open to Feedback

If this is not an issue report but rather a question this should be posted in the proper channels, the users/devolpers mailing lists, etc.

#2 - 2019-05-21 11:49 AM - Alexander Bruy

- *Resolution set to no timely feedback*
- *Status changed from Feedback to Closed*
