

QGIS Application - Feature request #21755

Item Groups in Map Composer/Printing

2019-04-03 06:14 PM - Brett Carlock

Status:	Open	Resolution: Copied to github as #: 29570
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
It'd be really helpful if we could group map composer elements, possibly locking the entire group. An Alias for the group would also be helpful, something like "right panel", etc, with the constituent elements beneath that grouping, as opposed to the current flat Item listing which can get rather busy/cluttered when a map layout gets more detailed.
