

QGIS Application - Bug report #2259

'Add values from display' doesn't work

2009-12-10 09:30 PM - dr -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Rasters	
Affected QGIS version:		Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 12319
Description		
Raster Layer Properties - Transparency		
Add Values from display button is disabled.		

History

#1 - 2010-02-10 04:46 AM - dr -

I hope someone will have a look at this feature. It's not convinient to add color of transparent pixels manually. Identify Feature tool returns color values by channels, but transparent table requires put values by colors.

#2 - 2010-06-12 12:18 AM - Paolo Cavallini

Still true? If I understand the report, it is not confirmed here

#3 - 2010-06-12 09:45 AM - dr -

Yes, bug still present.
