

QGIS Application - Bug report #2260

fTools: Singleparts to multipart

2009-12-10 09:42 PM - dr -

Status:	Closed	
Priority:	Low	
Assignee:	cfarmer -	
Category:	Python plugins	
Affected QGIS version:		Regression?: No
Operating System:	Windows	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 12320
Description		
If choose field which not contains the same values, ftools produces empty shapefile.		

Associated revisions

Revision a270bde0 - 2010-05-14 12:55 AM - cfarmer -

New warning when creating empty multipart layer; Ok button disabled on all functions while running; General bug fixes. Fixes #2260, #2057, and #1986.
Another great patch from alexbruy :-)

IMHO this is right behavior, if there are no features with same attribute we can't create multipart geometry.

But I think plugin should show warning message in this case, so I create patch for this.

#2 - 2010-05-13 03:57 PM - cfarmer -

- Resolution set to fixed

- Status changed from Open to Closed

Patch applied in .
