QGIS Application - Feature request #2278
improvement for Pan map tool - click to center

2009-12-13 12:46 PM - Steven Mizuno

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Map Canvas	
Pull Request or Patch supplied:		**Resolution:** fixed
Easy fix?:	No	**Copied to github as #:** 12338

Description

This is a usability improvement for the Pan map tool that centers the map on the point clicked. This is similar to what the Zoom In/Zoom Out tools do.

It much easier to center a point on the map with a point and click gesture, rather than dragging and guess where the center is, or to select some object and zoom to selected.

This added behavior should be mentioned in the User Guide.

History

#1 - 2010-04-21 12:22 PM - Marco Hugentobler

- Resolution set to fixed

- Status changed from Open to Closed

Applied in commit:cb490ae0 (SVN r13343) with small modifications. Thanks!
