

QGIS Application - Bug report #2289

Category in debian/qgis.desktop is Education instead of Science

2009-12-16 09:27 PM - artfwo -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Build/Install	
Affected QGIS version:		Regression?: No
Operating System:	Debian	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 12349
Description		
The desktop category in debian/qgis.desktop is "Education" instead of "Science", so the application launcher is present in "Educational" menu, but should be in "Scientific" menu instead. Please fix! According to http://standards.freedesktop.org/menu-spec/latest/apa.html the categories could (and probably should) be: Categories=Qt;Education;Science;Geography (in such an order)
