

QGIS Application - Feature request #2351

v.dissolve returns "Item with key map not found"

2010-01-09 10:22 AM - Giovanni Manghi

Status:	Closed	
Priority:	Low	
Assignee:	Lorenzo Masini	
Category:	GRASS	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 12411
Description		
I have now noticed that v.dissolve under windows (all versions) it returns <i>Item with key map not found</i> when the module opens. Tested with qgis trunk under both linux and windows with the same vector (http://www.istat.it/ambiente/cartografia/comuni2008.zip). No problems with linux. This module used to work under windows until not long ago, giving a different issue under windows Seven, see #2028

History

#1 - 2010-02-05 07:18 AM - Giovanni Manghi

It is not only a windows issue, it does happen also under linux. Tested with qgis trunk and the sample dataset.

#2 - 2010-02-09 10:30 AM - Giovanni Manghi

patch attached

#3 - 2010-02-10 01:39 AM - Paolo Cavallini

- Resolution set to fixed

- Status changed from Open to Closed
