QGIS Application - Bug report #2382
3-band rasters not displaying

2010-01-21 04:07 PM - John Tull

Status:	Closed			
Priority:	Low			
Assignee:	Marco Hugentobler			
Category:	Rasters			
Affected QGIS version:		**Regression?:**	No	
Operating System:	OS X	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed	
Crashes QGIS or corrupts data:		**Copied to github as #:**	12442	

Description

Three-band rasters are no longer displaying/rendering. This appears to be from a recent code change. Other raster formats seem unaffected from limited testing.

History

#1 - 2010-01-21 07:42 PM - John Tull

It appears that the changes made in rev 12809 or subsequent changes related to a compilation bug fix are the likely culprits. Revision 12808 displays 3-band rasters correctly.

#2 - 2010-01-22 12:19 AM - Marco Hugentobler

I guess this is because of my changes for large format printing.
Could you attach such a raster file (or send it to me privately)?

Thanks,
Marco

#3 - 2010-01-22 09:03 AM - John Tull

- Resolution set to fixed

- Status changed from Open to Closed

Your code changes today have fixed the problem. Cheers.
