

QGIS Application - Bug report #2516

qgis crashes when clicking on "copy features attributes" after having selected multiple features

2010-03-07 09:22 AM - Giovanni Manghi

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Vectors	
Affected QGIS version:		Regression?: No
Operating System:	Debian	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 12576
Description		
Tested on qgis trunk under ubuntu 9.10.		
Terminal message is "seg fault".		
To reproduce:		
add one polygon vector from qgis sample dataset, for example "swamps"		
with identify tool click on a point that will identify multiple features		
in the resulting pop up window, click right button on the first line and select "copy feature attributes". Qgis will crash.
